To Whom It May Concern:

It is my pleasure to provide this letter of recommendation for Amanda (Mandy) Tait who has worked with us from January to August 2018. We are an edtech startup that provides English language learning services to young learners ages two to eight years old. Mandy is a conscientious and understanding teacher who has built wonderful rapport with our students around the globe. She has taught over 300 classes with us.

Mandy was an integral member of our Lingokids teacher community. She inspired and encouraged our students to learn English in the most fun and interactive way possible. She was always well-prepared and made our lessons come alive with a positive attitude and incredible energy. Many families have requested Mandy to be the teacher for their child.

As a startup, we are always experimenting and making changes in order to provide the best service possible to our customers. During these times, Mandy has responded by using these experiences as opportunities for growth and demonstrating her excellent abilities to be flexible and learn quickly. She has always conducted herself in a very professional manner.

This dedicated teacher will make a great contribution to wherever she goes next. If you require further information, please feel free to contact me.

Best regards,

Asami Wright  
Teacher Operations Manager at Lingokids
